We thought you might like to see a picture of the exhibit in the Woodward & Lothrop window which included the TIME cover of Allen Dulles, together with six other George Washington alumni.

In the event that you were not able to see the window, you might like to know that we used the identification of Mr. Dulles as Director of the C.I.A. and the years in which he held this office, the degree he held from George Washington and the year, as captions.

The legend in the lower right of the window read: "Woodward & Lothrop salutes the Educational Achievements of the Washington Metropolitan Area--George Washington University--Among GW alumni are 6 U.S. Senators, 12 Congressmen, 3 Governors, 5 Pulitzer Prize Winners, 10 Ambassadors (now 13), 11 Federal Judges, 6 University Presidents, 260 Civilian Federal Executives--More than any other university in the Nation."

We are most appreciative of your loaning us a copy of the Dulles cover. We now have the negative of that cover if you should ever have a use for it or from prints from it. As you know, TIME was not able to provide the Allen Dulles cover from its Back-copy files, so your assistance was extremely important to the exhibit. Thank you very much.

Sincerely yours,

Margaret Davis
